Background

The British Gymnastics National Technical Committee Technical Regulations state that the position of Chair (NTCC) for each of the seven National Technical Committees, will be appointed by the Executive Team and ratified by the British Gymnastics Board.

The positions of National Judging Co-ordinator (NJC) and National Committee Member (NCM) (two NCMs in the case of the TRA Committee) will then be appointed by the British Gymnastics Executive Team, in conjunction with the newly appointed NTTC and ratified by the British Gymnastics Board.

Responsibilities and job descriptions for each of the NTC positions can be found in Article 4 of the National Technical Committee Technical Regulations.

Timelines for applications and appointments

Technical Committee members or Individual British Gymnastics Members can submit applications for each of the positions via the official British Gymnastics Application Form, which forms part of this information pack. This pack will also be made available on the British Gymnastics Website and advertised via the British Gymnastics digital channels by the 15th June 2020.

As stated on the Application Form, each application must be accompanied by a full CV and all completed Application Forms and CVs should be sent to Debbie Stevens no later than Friday 14th August 2020.

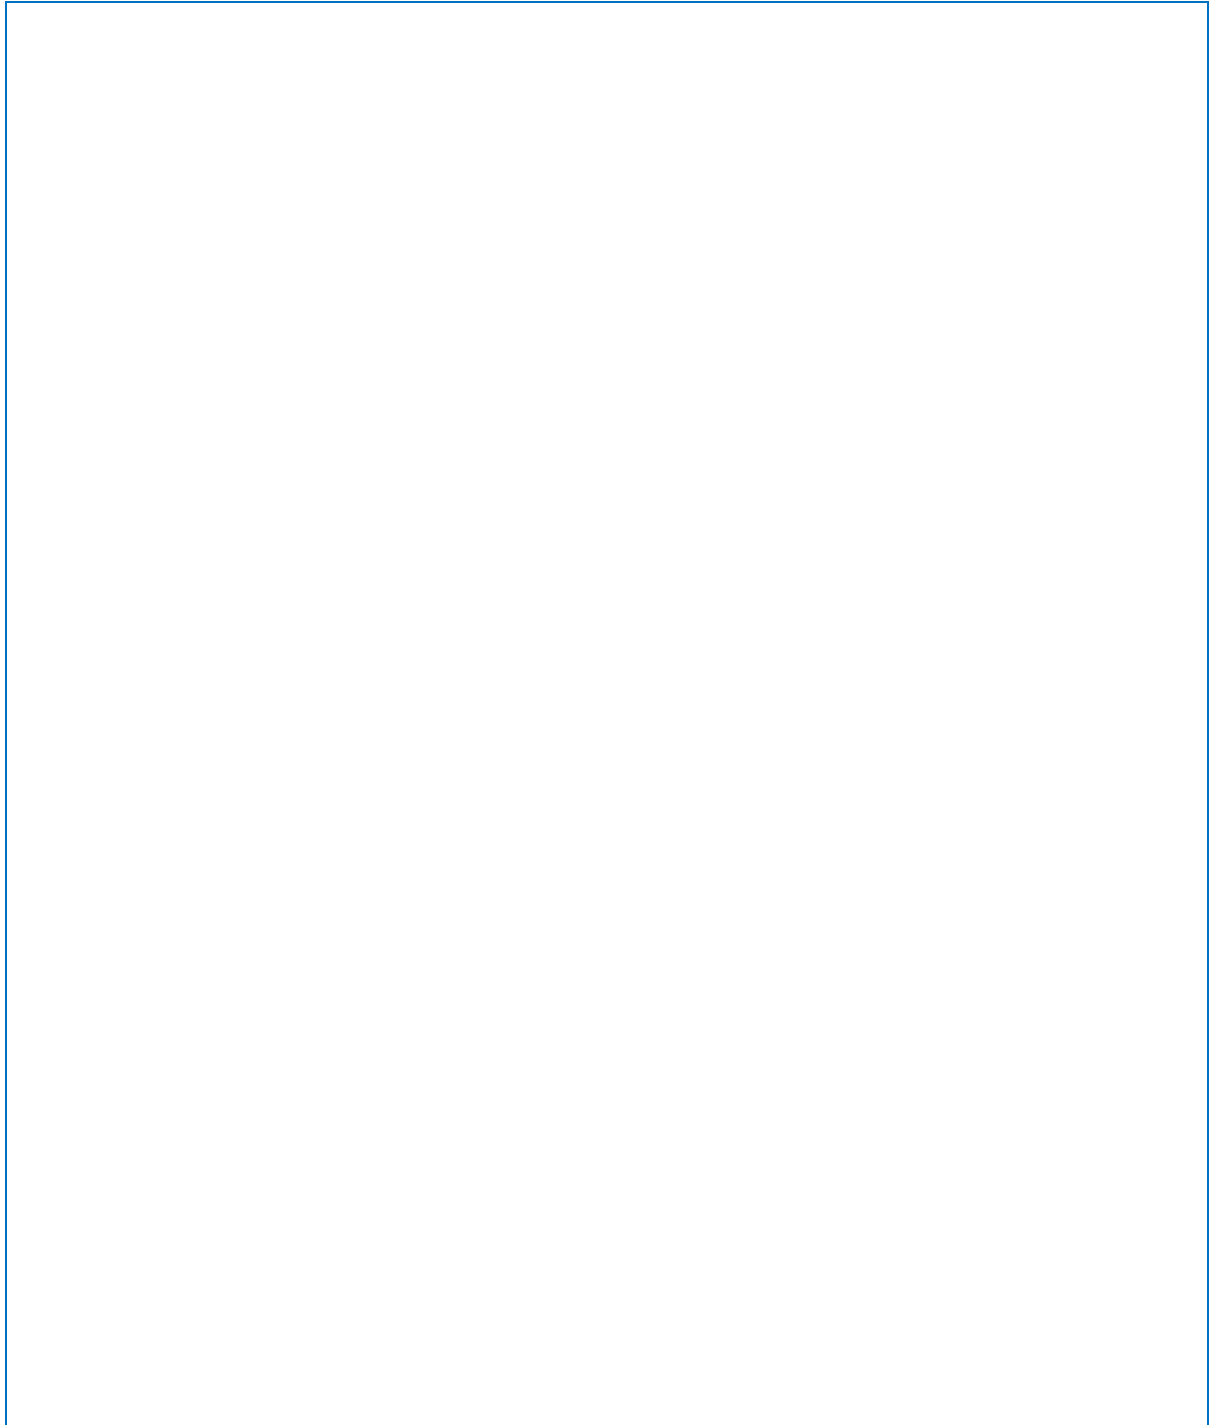

A Board appointed committee will assess all applications on judgement of competency against the job specification for each role. The Interviews and appointments will take place during September 2020 and will go to the Board for formal approval in December 2020. Successful candidates will be advised by no later than 31st December 2020.

Should there be a new NTTC appointed for the next cycle, the handover period will be between January and March 2021, with the official start date being 1st April 2021 for any new appointments, in line with the new financial year 2021 – 2022.
